

## **Counselor and Remedial Teacher at iTeach Schools**

### **Overview**

iTeach Schools is a fast-growing network of transformational schools focused on providing a free, foundational, and excellent education to secondary students. Founded in 2015, we now operate eight schools from Grades VIII to X across Pune, in collaboration with Pune Municipal Corporation and one school in Delhi. ([Read about our 5 year Journey here!](#))

Our students hail from Pune's most under-resourced households. The secondary grades are the last laps of intervention for our students, and probably the only real chance we have left to level the playing field between them and their high-income peers.

Currently, in our sixth year, we serve 1600 students and 900 student alumni through a strong team of nearly 170 staff members. In the academic year 2020-2021, we are looking for exceptional sector leaders to be associated with our schools, and eventually expand our school network!
