

## **Student Alumni Wing Associate at iTeach Schools**

### **Overview**

iTeach Schools is a fast-growing, Teach For India alumni led start-up, focused on providing a free, foundational and excellent education to secondary students. We currently operate six, Grade 8 to Grade 10 schools, in a collaborative initiative with the PMC and our funding partners. Our six schools serve about 1100 students and 330 student alumni. Read more about us at [www.iTeachSchools.org](http://www.iTeachSchools.org)

100% of the students coming to iTeach Schools are from under-resourced and difficult backgrounds. The lack of access to good education and opportunities creates a huge achievement gap. The secondary grades are the last lap of intervention for these students, and most likely, the only chance we have left to level the playing field between them and their high-income peers. Education is one sure means for these students to break the circle of poverty

As our network of schools grows, so does our student alumni! The Student Alumni Wing ensures that every student who graduates from an iTeach School, receives the academic, financial and social support that helps them make it 'To and Through College'.

## **Responsibilities**

The Student Alumni Wing Associate will join a key vertical of iTeach Schools – the one that ensures our students make it all the way through college towards a chosen, stable and safe employment. iTeach Schools has committed to supporting our students for 5 years post Grade 10th. The Student Alumni Wing Associate will play a pivotal role in providing this support. She/He will be a ‘Through College Advisor’ to a group of our alumni, providing them with one-on-one mentoring support. This support is aimed at enabling our alumni to effectively handle the academic, financial and social challenges of college life, thereby successfully completing their education towards employment of their choice.

Additionally, the Student Alumni Wing associate will facilitate whole group sessions with alumni, designed to build essential 21st-century skills and mindsets and make them more college and career ready. The associate will also design and pilot socio-emotional learning circles and programs with alumni to create a solid Alumni-led Community of support for them.

Moreover, the associate will build partnerships with relevant Stakeholders to ensure our alumni body is well connected to a diverse network of external opportunities including scholarships, internships, volunteering, part-time Jobs and skill development courses.
